KARTHIKEYAN S

Business Development | Waste Management & Sustainability Solutions | B2B / B2G Sales Bengaluru, Karnataka | +91 6382895749 | karthi123nedu@gmail.com LinkedIn: www.linkedin.com/in/karthikeyans-788ba62a0

PROFESSIONAL SUMMARY

Business Development Executive in solid waste management and sustainability who has closed 6 monthly service deals and sold composters since joining. Combines client acquisition with hands-on waste audits, site visits, proposals and pricing, and ESG-aligned selling (GRI, BRSR, SASB, TCFD). M.Sc. in Environmental Geology with ESG certifications. Skilled in prospecting with Apollo and LinkedIn Sales Navigator, cold calling and AI-assisted marketing content. Fluent in multiple South Indian languages for regional client engagement.

Business Development Executive

Aaditi StoneSoup Solutions Pvt Ltd, Bengaluru | Jan 2026 – Present

- Closed 6 monthly service deals since joining, bringing recurring revenue to the company across residential, corporate and institutional clients.
- Sold decentralised composting, OWC and waste management solutions, including the EcoAI 900L AI community composter, positioned around ESG goals and landfill reduction.
- Conduct waste audits and site visits to assess waste generation, segregation efficiency and processing gaps, and recommend ways to improve diversion from landfill.
- Generate leads with Apollo and LinkedIn Sales Navigator, cold calls and personalised emails; prepare proposals, handle pricing discussions and support deal negotiations.
- Manage client relationships for retention and identify upselling opportunities; coordinate with operations for effective implementation.
- Research ESG and waste management trends to find new business opportunities; create marketing content with Canva and AI tools and manage social media.

Egieerig Geologist - Geo Marie Cosultats P Ltd, Chennai | Apr 2025 - Oct 2025

- Soil testing, field investigations, penetration tests and technical report writing
- Client relationship management and field work across different states, communicating in multiple local languages

HECS – Hubert Enviro Care Systems, Chennai | Oct 2024 – Mar 2025

- Consent to Establish (CTE) and Consent to Operate (CTO) work and environmental monitoring
- Worked with the operations team to close projects with results, met government officials including AEs and IAS officers, and managed client relationships.
